## **PROJECTS**

### **Portfolio Website**

I have developed a personal portfolio website using HTML and CSS to showcase my projects, technical skills, and achievements. The website includes sections such as About Me, Skills, Projects, and Contact, focusing on clean code structure, semantic HTML, and responsive design for an enhanced user experience across devices. This project demonstrates my proficiency in front-end web development, showcasing my ability to create well-structured, visually appealing, and interactive web pages. I am currently working on improving the design, adding JavaScript for better interactivity, and planning to deploy it online as a professional platform to present my work.

### **Food Munch Website**

I have designed and developed a personal portfolio website using HTML and CSS. The website includes sections such as Home, Skills, Projects, and Contact, with a clean, responsive layout that ensures an optimal user experience across different devices. It highlights my ability to create well-structured, visually appealing web pages. The website serves as a platform to showcase my web development skills and projects. I am currently in the process of deploying it online to provide a professional representation of my work.
